

# TWO-HAND GREASE GUN (The Original)

**UMETA**  
A WIGGEN-GROUP COMPANY

**NEW**

TWIN-LOCK TWO-HAND GREASE GUN

DELIVERY PRESSURE 700 BAR

AFTER 30,000 STROKES - NO WEAR

- Thanks to the UMETA TWIN-LOCK, the grease always reaches the lubrication point - no dummy lubrication
- High stability due to the highest material thickness
- Even with back pressure, lubrication is easy and safe at up to 700 bar
- Pressure is also built up after 30,000 strokes. There has been no wear up to this point
- Independently tested and certified by TÜV
- 4-year guarantee
- Packed either in foil bags or neutral individual boxes
- Can be combined with UMETA standard accessories
  - Extension tubes
  - Button head couplers
  - Nozzles
  - Quick-change adaptors
  - Hoses
